

Colortune / Adaptateur 14mm - long

A 14mm to 14mm long reach adaptor that extends the depth of the standard connectors supplied with the Colortune and Hi-Gauge compression testers. This adapter is used in engines with restricted access in the cylinder head; the set includes a soft copper washer to ensure a good seal.

Additional Information

- Adaptateur 14mm vers 14mm - adaptateur long
- Permet d'utiliser le Colortune sur une bougie en M14 port profond
- Siège de bougie sur un port profond - accès restreint
- Convient avec le testeur de compression Gunson G4101
